Q: What are those black and white boxes?
 A: They are called "QR Codes", a new communication tool that will directly link you to the Napa ARTwalk audio tour.

QR codes work like bar codes. If you have a smart phone, you can download a free scanner app (such as Quick Mark or QR Reader for iPhone). Then "scan" the code with your phone's camera and your phone will be immediately linked to the Napa ARTwalk audio tour on www.napaartwalk.org. You will hear the artist's statement and be able to see other information about the sculpture and the artist who created it.

Napa ARTwalk is a new program designed to enhance the public environment and promote the understanding and enjoyment of public art by inviting artists to exhibit their art in downtown Napa on a temporary basis. It is a collaborative project presented by the Napa Community Redevelopment Agency and Arts Council Napa Valley. The theme for this year's program is "Celebrating the Napa River". Artists from five Western states (CA, OR, WA, AZ, NV) were invited to apply and ten were selected by a jury of arts professionals.

Special thanks to the following for their generous support:

- Chandra Cerrito, public art consultant and owner, Chandra Cerrito Contemporary (Oakland);
- The 2010 ARTwalk Jury: Jon A. Lail (Napa County Commission for Arts & Culture), Carrie Lederer (Bedford Gallery), Ned Kahn (Artist), Kathryn Reasoner (di Rosa), & Patricia Watts (ecoartspace);
- Harry Price and the staff of Napa River Inn;
- The ten downtown ARTwalk Voting Stations (listed on map);
- Mick Winter, for introducing us to the magic of QR Codes;
- Kellie Fuller and 99.3 KVVN/ 1440 AM KVON Radio;
- The staff & artists of Vine Village, for creating the fantastic voting boxes;
- Michael Waterson, Napa County Poet Laureate;
- Napa Valley Register;
- Napa Valley Destination Council;
- And of course all of the artists for sharing their amazing work with us!
